CARE INSTRUCTIONS

COLUMN COAT RACK

Please make sure to use the correct dowels and screws to mount the coat rack correctly to the wall.

Depending on the used dowels and screws the load capacity of the coat rack can vary. Please talk to a professional if you are uncertain of the load capacity.

Please be aware that wood is a living material changing imperceptibly over time. All wood reacts to sunlight, humidity, temperature and can vary slightly in grain pattern and coloration.

The solid oak is treated with oil. Please use only warm soap water when cleaning and dry immediately with a soft cloth.

–

All our products are made from genuine and long-lasting materials. Please follow this care instruction and treat and maintain your new item accordingly.

All products are designed in Copenhagen and produced within the European Union.
