# CARE INSTRUCTIONS

Please be aware that wood is a material changing imperceptibly over time. All wood reacts to sunlight, humidity, temperature and can vary slightly in grain pattern and coloration.

The solid oak is treated with Junckers neutral oil to protect the surface of the furniture. When cleaning the product use only warm soap water and dry immediately with a soft and damp cloth. To prevent ring marks use coasters under glasses etc. Always clean up spills immediately. Visit Junckers website for additional information: <https://www.junckers.com/woodcare/varekort/rustic-oil>

\*Junckers Rustic Oils have received the Danish Indoor Climate labelling. A product with this labelling has undergone extensive degassing and odour tests. This ensures that there are no chemical substances in the wood which adversely affect the air quality in the room.
