CARE INSTRUCTIONS

SETOMONO COLLECTION

The Setomono Collection is handmade so small differences in shape and color may occur. Scratches and cut marks can be visible in the surface over time, giving the product a rustic look. Scratches, cut marks and surface wear and tear are therefore not perceived as manufacturing defects.

Please arrange the Cups and Bowls carefully to prevent scratches on the surface or damage of the edges.

The stoneware is glazed inside and outside and therefore usable for liquids and food-safe.

The Setomonon Collection is suitable for the dishwasher and microwave.

All our products are made from genuine and long-lasting materials. Please follow this care instruction and treat and maintain your new item accordingly.

All products are designed in Copenhagen and produced within the European Union.
